

Drop-In League

Friday Night Drop in will start Friday Nov 1st.

There will be no Friday Night Drop in during the following events

Competitive Invitational Bonspiel – Jan 10th

Annual Outdoor Spiel – Jan 24th

Club Spiel Mar 14th. Friday curlers are encouraged to form a team for the Green Spiel

Last Night of Friday Night Drop-in March 14th.

Friday nights during the curling season, with the exceptions of when the Curling Club is hosting other events, a Drop-In-League is being offer. The league will start at 7:00 PM and will be open to individuals who have attended one of our Learn-to-Curl sessions in the past. Those who have not attended a Learn-to-Curl session can participate but are encouraged to identify yourself to the league captain for some basic instructions on safety and curling.

Simply described, the league will incorporate a “pick up” game format. Members and nonmembers can come as individuals or as a team. There is no registration and at this time and no cost to occasional attendees. Regular attenders are encouraged to become club members by paying their \$50 membership fee. On nights when the ice is full, priority will be given to club members.

This will be a recreational league without playoffs and win/loss records, and without scheduled teams. Drop-in events provide an opportunity to attract new curlers and give them a chance to play in a game with experienced players without worrying about their skill level. These events will allow prospective or past members wanting to stay connected to the sport the opportunity to curl. It will be a good venue for experienced curlers to learn instructional methods, allowing us to expand our group of instructors. The sessions will also accommodate curlers who want more game experience without the commitment of registering for a full season league.

Kid are welcomed to participate in Drop-In League assuming that they have had curling instructions or have participated in Kidz Curl. Kids should be reasonably proficient at play.

Curlers should always bring clean tennis shoes (don't wear your “clean” shoes to the club and think they are clean). Loose fitting or stretchy pants are more comfortable to curl in than jeans.

We reserve the right to ask any disorderly or intoxicated individuals to leave the building.

If you are anticipating a group of new curlers and wish to have an instructional component, please notify the league coordinator, Barb Zander bzander@nd.gov .
